Subject: New Map Needed, James Hill, Mystery Mine, S/019/0034, Grand County, Utah

Dear Mr. Hill:

Enclosed with this letter is a copy of the map in your Notice of Intention to Commence Small Mining Operations. Three experienced inspectors, including myself, have used this map in unsuccessful attempts to locate your mining operation. In my two searches, I was using a GPS unit, and I am certain I walked through the area shown on the map. There was no sign of any disturbance, not even the appearance that someone had been collecting specimens by hand.

Would you please confirm the location and submit a new map showing the location of the operation? Photographs of the operation and disturbance would also be helpful.

Thank you for your cooperation. Please call me at 801-538-5261 if you have questions about this letter.

Sincerely,

Paul B. Baker  
Minerals Program Manager
